Learning For Our Future

INFORMATION HANDBOOK FOR PROSPECTIVE FAMILIES

Dear Parents,

May we extend to you and your child a very warm welcome to Vermont Primary School and Kindergarten.

The primary years of schooling are of vital importance to the development of children's skills, knowledge, understandings and attitudes to life-long learning. At Vermont Primary School and Kindergarten we aim to enhance the social, emotional, physical and intellectual development of all children. We believe children should be encouraged to develop their independence, self esteem, co-operative work skills and creativity.

We share with you the excitement and the responsibility of ensuring a happy, secure and successful commencement to formal primary education for your child. A strong partnership between home and school ensures the provision of quality educational programs for our children.

We ask that you support our Nut Free Policy by ensuring that no foods containing nuts are sent to school, thus keeping a safe environment for students with nut allergies.

Please feel very welcome to join in all aspects of school curriculum in our teaching programs, class activities, Vermont Primary School Community Network and School Council Committees. To be involved with the children's programs, the Government requires all adults to have a Working With Children Card worn at all times within the school. Information on how to apply is available at <http://www.workingwithchildren.vic.gov.au/home/applications/lodging+your+application/>

If at any time you wish to discuss any aspect of our school, or of your child's welfare, please feel free to contact the school, or to arrange an interview time.

Together with the school community, we look forward to participating with you in the many activities we have planned at Vermont Primary School.

We look forward to working with you.

Yours sincerely,

DR. ROBIN STICKLAND
